

WRA Ltd Management Board Profile

John Thompson

After 24 years in the Army (Royal Signals), John settled in Catterick Village and now works as a Computer Systems Trainer for a prominent health software company, primarily involved with GP surgeries.

John has been an active volunteer for over 6 years and set up and runs the bulk email system for distribution of the WRA Volunteers Newsletter and other global messages; he also provides IT technical support to WR plc Head Office when needed.

He runs the personal Track Safety training and has recently started running Control of site Safety courses.

A member of the infrastructure team at Leeming Bar, John is a qualified COSS and track patroller. His wife Sheila is a qualified crossing keeper who has worked both Wensley and Finghall Crossings; they have both previously served in the Buffet Car at Leeming Bar.
